

# Tips to Reduce plastic in your hotel

It's easy to make a big difference by taking little steps Here's how!

## Manage plastic waste wisely

- Establish plastic waste management system
- Limit the number of straws in drinks
- Buy durable products
- Use of filtered tap water rather than bottled water
- Use of polycarbonate cups rather than plastic cups
- Use of re-fillable amenities in all guest rooms
- Reduce the amount of plastic bags used to return laundry – use of cloth bags
- Only use plastic bag in bathroom bin
- Buy in bulk
- Put pressure on your suppliers to use less plastic packaging
- Implement staff trainings about how to reduce the use of plastic within the hotel
- Make sorting recyclables part of every hotel employee's job description
- Encourage your guests to be 'Green'
- Develop recycling programme
- Place recycle bins on all hotel premises and in the beach nearby your hotel

NO  
STRAW,  
THANKS!
