

QR Adventure Hunt at the Pedieos River

Get ready to dive into the QR Adventure Hunt at the Pedieos River — a fun outdoor experience full of action, knowledge, nature, and a touch of mystery!

The Cyprus Sustainable Tourism Initiative actively contributes to the 2nd Pedieos River Festival with the following activity:

 **20/04/2026 – 10/05/2026 | 11:00–11:00**

At the Pedieos Linear Park, 21 hidden QR codes have been placed across the municipalities of Nicosia, Strovolos, and Lakatamia. By scanning them with their mobile phones, visitors gain access to interactive questions.

The activity takes the form of an interactive exploration game, where participants are challenged to locate as many stations as possible, answer questions correctly, and collect points—climbing the leaderboard and competing for prizes.

The aim of the activity is to encourage the public to discover the Pedieos River through a hands-on experience, enhancing environmental awareness and highlighting its importance as a valuable natural and urban ecosystem.

The winners of the competition will be announced at the closing ceremony.
